Cats are beautiful and friendly. Cats have nice fur and beautiful eyes, noses and ears. Cats are fast and they like to catch mice. I love cats because we can hold them, feed them and stroke them. Cats have sharp teeth and claws so they have great smell and hearing too. Cats land on their all 4 legs and they are sometimes unhearable.

poem TURTLES
Turtles are small
and slow
They are friendly
and lovely.
They eat human never
because they are clever.
They are bald
and their blood is cold.
Their life is long
and their shell is strong

Their eyes
are shiny like the stars.
They eat plants
and they haven't got any pants.
They are green
and they are the best I mean.
Every time
they are fine.
